

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1. Product identifiers

Product name : Rice Hull Powder
Product Number : RHP75
Brand : Cellulose Supply LLC

2. Relevant identified uses of the substance or mixture and uses advised against

Identified uses : Ingredient in Food Applications

3. Details of the supplier of the safety data sheet

Company : Cellulose Supply LLC
3381 Blue Star Hwy
Saugatuck, MI 49543 UNITED STATES
Telephone : +1 616 405-5286

4. Emergency telephone

Emergency Phone # : 800-424-9300 CHEMTREC (USA)
+1-703-527-3887 CHEMTREC (International) 24 Hours/day; 7 Days/week

SECTION 2: Hazards identification

1. Classification of the substance or mixture

Not a hazardous substance or mixture.

2. GHS Label elements, including precautionary statements

Not a hazardous substance or mixture.

3. Hazards not otherwise classified (HNOC) or not covered by GHS - none

SECTION 3: Composition/information on ingredients

3.1 Substances

Ingredient : Oryza sativa (rice) hull powder

No components need to be disclosed according to the applicable regulations.

SECTION 4: First aid measures

1. Description of first-aid measures If inhaled

If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist

In case of eye contact

After eye contact: rinse out with plenty of water. Remove contact lenses.

If swallowed

After swallowing: make victim drink water (two glasses at most). Consult doctor if feeling unwell.

2. Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11

3. Indication of any immediate medical attention and special treatment needed

No data available

SECTION 5: Firefighting measures

1. Extinguishing media Suitable extinguishing media

Water Foam Carbon dioxide (CO₂) Dry powder

Unsuitable extinguishing media

For this substance/mixture no limitations of extinguishing agents are given.

2. Special hazards arising from the substance or mixture

Nature of decomposition products not known.

3. Advice for firefighters

In the event of fire, wear self-contained breathing apparatus.

4. Further information

none

SECTION 6: Accidental release measures

- 1. Personal precautions, protective equipment and emergency procedures** Advice for non-emergency personnel: Avoid inhalation of dusts. Evacuate the danger area, observe emergency procedures, consult an expert.
For personal protection see section 8.

2. Environmental precautions

No special precautionary measures necessary.

3. Methods and materials for containment and cleaning up

Observe possible material restrictions (see sections 7 and 10). Take up dry. Dispose of properly. Clean up affected area. Avoid generation of dusts.

4. Reference to other sections

For disposal see section 13.

SECTION 7: Handling and storage

1. Precautions for safe handling

For precautions see section 2.2.

2. Conditions for safe storage, including any incompatibilities

Storage conditions

Tightly closed. Keep away from heat and sources of ignition.

Recommended storage temperature see product label.

3. Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated

SECTION 8: Exposure controls/personal protection

1. Control parameters

Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

2. Exposure controls

Appropriate engineering controls

Change contaminated clothing. Wash hands after working with substance.

Personal protective equipment Eye/face protection

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU). Safety glasses

Respiratory protection

required when dusts are generated.

Our recommendations on filtering respiratory protection are based on the following standards: DIN EN 143, DIN 14387 and other accompanying standards relating to the used respiratory protection system.

Control of environmental exposure

No special precautionary measures necessary.

SECTION 9: Physical and chemical properties

1. Information on basic physical and chemical properties

- | | |
|----------------|---------------------------------------|
| a) Appearance | Form:solid, Color: Tan to Light Brown |
| b) Odor | Neutral |
| c) pH | No data available |
| d) Flash Point | Not applicable |

SECTION 10: Stability and reactivity

1. Reactivity

The following applies in general to flammable organic substances and mixtures: in correspondingly fine distribution, when whirled up a dust explosion potential may generally be assumed.

2. Chemical stability

The product is chemically stable under standard ambient conditions (room temperature).

3. Possibility of hazardous reactions

No data available

4. Conditions to avoid

No information available

5. Incompatible materials

No information available

6. Hazardous decomposition products

In the event of fire: see section 5

SECTION 11: Toxicological information

1. Information on toxicological effects

Acute toxicity

No data available

Skin corrosion/irritation

No data available

Serious eye damage/eye irritation

No data available

Respiratory or skin sensitization

No data available

Germ cell mutagenicity

No data available

Carcinogenicity

IARC: No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

NTP: No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.

Reproductive toxicity

No data available

Specific target organ toxicity - single exposure

No data available

Specific target organ toxicity - repeated exposure

No data available

Aspiration hazard

No data available

2. Additional Information

To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.

Hazardous properties cannot be excluded but are unlikely when the product is handled appropriately. Inhalation of the dusts should be avoided as even inert dusts may impair respiratory organ functions. Handle in accordance with good industrial hygiene and safety practice.

SECTION 12: Ecological information

1. Toxicity

No data available

2. Persistence and degradability

The methods for determining biodegradability are not applicable to inorganic substances.

3. Bioaccumulative potential

No data available

4. Mobility in soil

No data available

5. Results of PBT and vPvB assessment

PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

6. Other adverse effects

No data available

SECTION 13: Disposal considerations

13.1 Waste treatment methods Product

Waste material must be disposed of in accordance with the national and local regulations.

SECTION 14: Transport information DOT

(US)

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

SECTION 15: Regulatory information SARA

302 Components

Not listed.

SARA 313 Components

Not regulated.

SECTION 16: Other information

Further information

The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Cellulose Supply LLC and its Affiliates shall not be held liable for any damage resulting from handling or from contact with the above product.
